Miss Q's CROWNS a NEW MR BEAN

Ello ello people of Miss Q's and welcome to another episode of Mr. beans revenge lol.. And how sweet it was let me start at the beginning. It started along time ago were two rivals had a plan and that plan involved a lot of sour beans (and yes they were sour I would know). Kyle Van Zon and myself made a bet where the winner of a night of pool in summer elite would get to pour these sour old Italian beans over the losers head we play two games in winter elite if by chance we win one each the winner would be decided on who won the most games for the night by any chance we were still even we would play one bean or be beaned game to find a winner and If I had know that 13 year old Kyle Van Zon would play state pool and become one of miss Q's sharp shooters I would have not made that bet but my bad. So the game of the night arrived and for even more fun it was the last game of the night. For me it was all going to plan, Kyle and myself had one ball on the table and Kyle missed the pot and left me with a fairly easy shot with a easy leave for the black all I had to do is sink my ball, but that day wasn't my day and my red ball jarred in the corner pocket leaving Kyle with a relatively easy pot out, which he did.. And I got the old sour beans... worst day ever.

So six months later week 4 in winter elite my team plays Azza's team featuring Kyle we had another bet with beans but the night we played couldn't be the night the beaning would happen because Kyle's bed time wasn't far away so we left the beaning till Sunday. Thursday night come to slowly and with me playing some good pool the days before I knew I was ready. With Kyle's and my game last again I waited and just focused. Again like the last game it was blow for blow and the game was played the exact way we played last time. He had one ball I had one ball I was red he was yellow. Kyle played at his yellow setting it up so if I missed I would have been up to my neck in beans but that wasn't to be. I played at my ball setting my self for the black with a very small pocket hole I just did all the things to focus and in two breaths the black was in the pocket and the beans were off my shoulders. That Sunday was going to be the best night I have ever worked and as we drove closer and closer for the midget assassins to finish there games so I could cover Kyle in over \$40 in baked beans and tomato sauce. Even though I dropped the bucket with beans in it that was easily my best night ever :-)

MPF UPDATE

Whoa, it's amazing on the positive response we have already received for MPF. We have had huge success with the Raffle that on offer with the bar fridge, cue and function room and this will be drawn on Saturday the 3rd of May between 8:30pm and 9:00pm. So far we have made over \$100 profit on that alone and with it being the last week hopefully we can raise more money. Once this raffle has finished there will be another one starting which is the \$100 board. The raffle is a basic one with only 100 numbers available. It is \$2 a number and once all numbers are gone we draw the raffle. The lucky number will be the last two digits on the \$100 note in which Kez will be the only ones to know the number. With every board sold, MPF makes \$100 so the more of these done throughout the year the more money we makes, which means the more tournaments we can sent people away for.

We have also received \$20 from the Easter comp and \$7 from the Anzac Day competition. The reason we have received this money from Kez, is with some of the competitions that are held at Miss Q's 5% has been donated from the players prize fund to MPF. With this I would like to thank all the players and Kez who had taken part in these tournaments for donating this money to the fund.

Just on a final note, we are sending a call out for any donations from people for which we can use as prizes for games nights and raffles. If you think you can help, please let Kerry or Jane know.

As MPF is a big success we have set out a challenge to everyone. We need a logo,

MPF update cont...

and we are sending the call out to all those artists out there to come up with the logo that you think will best suit MPF and the best result which will be voted in by the players will receive a day of free pool and Miss Q's.

Well that's about it for this newsletter and I'm looking forward to seeing all you ideas for the logo. Janey - MPF Coordinator
