

Play the Table

Vol 11. No.6 July 2010

Editorial:

June saw two massive landmarks for the Miss Q's & Premier Family. Miss Q's celebrated her 8th Birthday and the party was fabulous! Special thanks to Emz for the breath taking deco's, she never ceases to amaze & to Ben the Beast Master Vidot for making the balls dance in a very cool trick shot exhibition. Congrats to the best dressed and all the prize getters from the night and thanks especially to Greenfields Liquor, Coke & Peel Confectionery for their generous donations that made the prizes so spectacular this year. Thanks as well to all members, it's with your ongoing support that Miss Q's & Premier Pool Leagues remain so successful.

Not only did the birthday celebrations bring pool, prizes, trick shots and a few drinks it brought the presentation of the Premier All Stars who had just graduated & completed their Advanced Certificates in Cue Sports. Az & I were so proud to have seen 14 of our up & comers complete the 12 month All Stars program, sincere congratulations to all of the graduates, I can't wait to see you take your games to the next level and make your mark. Also a very special thankyou to Azza who worked tirelessly on the All Star Program, a great job!

Congrats to Luke Anglesey on his World title efforts & on winning the Foundation Day Cup Cash Comp & congrats to Robin on winning the Cue & Case raffle. Luke & his family extend heart felt thanks for the generous support & donations from all who helped get Luke to the worlds.

July is Challenge month with the Geraldton Super Side coming to Miss Q's for the annual home challenge match. Geraldton have smashed us in the two previous challenges so we are looking to qualify a solid team for this encounter. Enter at the bar, qualifying is on July 17th and the Challenge on July 31st. It's also party time in July with the Premier Presentation Party on July 24th. All Leagues completed since Christmas will be presented. Hope to see you all there, have a great month.

Happy Potting  Kez

8 Ball Challenge

Miss Q's Leagues come one come all, your skill is required to reclaim our Challenge Champion Status!

Team Qualifying Knockout Comp, Date: **Saturday 17th July @ 7pm.** \$30 entry includes all Day/Night Play & the Challenge Match Play. Top 20 players will make the Challenge Team. Challenge Match Date: **Saturday July 31st from 9am @ Miss Q's.**

Birthday Celebrations & All Star Graduations

It was that time of year again when the balloons are blown up, the streamers are hung and Miss Q's comes alive. This year we turned 8 and to celebrate we held our 8 ball. Dress to Impress in purple and gold was our theme and we definitely had a ball. Plus not only does a big Happy Birthday go to Miss Q's but also to Kez and Azz who celebrated their birthdays as well this month.

Whilst we were celebrating Miss Q's birthday the Allstars were celebrating their graduation. After all the hard work they have put in over the last 12 months they were all able to receive their certificates of completion. The Allstars have improved so much over the past year that they are definitely going to be players to be watched and even a little bit feared over the coming seasons of league competitions. Congratulations guys!

Congratulations goes to Jarrad Page for win an amazing esky full of alcohol (thanks to Greenfields Liquor) for being the best dressed adult of the night. Congrats also to Stewie for winning an awesome Coke pack for best dressed junior. To little Alexandria for being the cutest bub under 8 months, she was asleep during the parading but I'm sure she

loved her little bear when she woke up and to Chelsie Reynolds and Jarrad Nagtegaal who both won our great door prizes.

Not only did we have pool, music and Jelly shots to enjoy through the night we also had Ben 'The Beast Master' Vidot put on an awesome display of trick shots. I think through everyone's response that the Cannon trick shot was by far the best we have seen. The skill it takes to jump 6 consecutive balls off the table and into a cannon is huge. Thank you so much Ben for the nights amazing entertainment, for sticking around to play us and give us advice on our games. Also the card tricks were awesome.

As we close out another year it has been like previous years, tough but also enjoyable, congratulations goes out to everyone who welcomed a little bundle of joy, to the Allstars, to anyone who has played hard and placed in our elite and social leagues and Thanks to everyone who has helped keep Miss Q's alive and the place to be. - Emz.

L-R: - Jarrad, Alexandria & Sasha: Ben & Stewie: Jarrad & Greenfields Liquor's Brad O'Brien & Ben the 'Beast Master' Vidot

The Fantastic Geraldton & Perth Challengers

Da da d da.....(Horns) Presenting..... "The Premier Academy of Cue Sports" "All Stars Class of 2009-2010", the first of its kind, quite possibly anywhere in the Australia. "All Stars" was started as a way for the hard core leaguies to develop their game in a way that only the very blessed get the chance to, the opportunity to be exposed to some the most talented people to ever play the game in and for Australia. A chance to pick the brains, play and be coached by people who definitely know better when it comes to cue sports in Australia. Many people who know better would kill for such an opportunity. Traditionally, in Western Australia, if one wanted to be exposed to the influence of the likes of Alec Everinadis, John Russell or James Mills one would have to relocate and take up residence in the Eastern States like many have before today. The Premier Academy of Cue Sports bought these legends of the game and many others to a select group of Leaguies who qualified for the program, and became known as The Premier All Stars. The Program went for a full twelve months and involved one day per week devoted to the development of their game, this included regular training every week and or Challenge Matches and or Guest Coaches both from WA and interstate. In the beginning "The Premier All Stars Team" was initially comprised of 10 males, 5 females & 5 juniors all looking to further their ability through practice, coaching and matchplay, and was selected by a rigorous qualification process. Together they / we set off on a 12 month journey to secure some new skills in our chosen field of sport. The first few months were an eye opener for most, for many reasons but mostly because the realization of the task they had committed to was slowly coming into focus and as with any great journey the prospect of having to see it to completion was daunting to say the least. Nevertheless every Sunday was devoted to the desire to excel in the game we all love. The months flowed quickly by and a few of the All Stars had left the ranks of the program for various reasons leaving only the most committed to reap the full rewards from the exposure to legends that the All Stars Program provided. The months rolled past again and we'd seen challenge

matches, guest coaches and practice days galore, mid year assessments was my first real chance to reflect on how far we had come as both a group and as individuals, the progress made by all was evident across the board. It was working, lol. The second half of the year saw the return of many of our guest coaches, who were in the main, quietly impressed with the development of the remaining All Stars. The second Challenge Match against the Geraldton All Stars proved very useful to the team, the tough competition was a good way to gauge our own individual development without the pressures of official testing and although the Geraldton team beat us again the score was close enough to give them a scare, many of our team "shone out" as I had hoped. This resulted in many of the All Stars getting their second wind and saw some of the desire return to their efforts now that the proof of their increased ability was evident for all to see. Still more months go by and with the end of the journey approaching at speed, many All Stars are surprised that the end of the program is almost here, there's still so much to do by way of fulfilling obligation, and everyone is getting sick to death of listening to that guy called Az. Likewise Az is getting sick of talking about the All Stars Year coming to a close and the more he talked the less everyone listened. With that the end was upon us, one Challenge left against the Perth All Stars at team, constructed by one of our Guest Coaches Gordon Whittaker and was likely to be the toughest of opposition faced so far. We did well, very well, but ran out of steam towards the end of the challenge eventually losing by the smallest of margins against some very solid competition, The All Stars could now call themselves pool players. Almost over now, our final Guest Coach is fittingly Justin Sajich current Australian Singles Champion, Justin did a fantastic job providing a most informative clinic and tackling the job of coaching the All Stars with care and attention, everyone took something away from their last chance to spend time with an All Stars Coach. The last official week saw everyone put on the spot with The Final Assessment section of the Program and although it made perfect sense, the practical assessment seemed unexpected and

**Terrific
Match Play**

The Amazing All Star Guest Coaches

Continued from page 2.

may have taken most by surprise. With final assessments taken care of all that was left was grading and presentation, but I'll come back to that shortly. Meanwhile in the background of all of this the All Stars had been busy with their six person winter elite teams for Monday nights All Stars Elite competition which by the time of final assessments was well and truly underway, in what has proven to be a very cool league to be a part of. Every All Star has their own team to coach and train and Miss Q's has opened the floor to All Stars and their Monday Night team members to use the facilities on Sundays for the purposes of coaching their sides which in the long run will make Monday Nights competition very exciting leading up to finals later this year. Speaking of coaching and training on Sundays that's what I'm up to in the wake of The All Stars Program, every Sunday my services are on offer to everyone who feels they could use them, from 3pm on Sundays I'll be at Miss Q's running my own separate in house coaching clinic, this service is open to anyone from new players to the more advanced players looking to enhance their game and identify any problems in their cueing, \$15.00 is all it costs for 3 hrs of group coaching and plenty of one on one time with me, so I look forward to seeing you there. Also stay tuned for more Premier initiatives beginning later this year covering the "Basic, Intermediate & Advanced Certificates in Cue Sports". Before I talk about presentation, I want to recap what modules were covered during the Premier All Stars Program. The All Stars have learnt about table and equipment maintenance and cue retipping from myself, as well as Game Etiquette and Sportsmanship from Dan Whitehorn. Table & cue manufacture from John Russell & Zeljko Kocev. Every All Star has earned a National Accreditation as either B, C, D grade referee in 8Ball from James Mills. They have learnt how to fundraise and how to liaise with various media to get the most from their fundraising efforts. The All Stars helped with the fundraising day organized by Miss Q's to send our Juniors one of whom was an All Star, to the Nationals in Hobart this year, The All Stars have learnt how to practice & give & receive coaching effectively. Perhaps most importantly many of the All Stars learnt some things about themselves they will never forget, they know what they are. Presentation for the Graduates of the 09/10 Premier All Stars happened at the Miss Q's Birthday, the same day the Team was announced a year before, All Stars were graded into 3 categories reflecting their performance across all modules and criteria for the entire year. Fittingly at the 09 birthday the All Stars Team was presented by Jack Halligan and at Graduation the team was presented by Ben Vidot, both men Australian level players and accomplished trick shot artists. I wish to extend my many thanks to everyone who helped make this program a reality. Firstly our Guest Coaches in no particular order, Jack Halligan QLD, Gordon Whittaker WA, Alec Evrenadis SA, Zeljko Kocev QLD, John Russell VIC, Jim Bonner WA, James Mills VIC & Justin Sajich WA Thank you. Secondly a big thanks to Adrian Lancaster for organizing the Geraldton Challenge Teams for us to play against and Dan Whitehorn for his help at various points throughout the year. Thirdly, a big thanks to the All Stars themselves who saw the program all the way to the end, very well done team, congratulations on your efforts. Last but definitely not least Miss Q's, The MPF, The Miss Q's patrons, Premier Pool and my amazing better half Kerry De Pradines without whom none of this would have been possible thank you, thank you, thank you. - That's all Az.

The First Ever Graduates of the Premier Advanced Certificate in Cue Sports

Premier ALL STARS Graduate

The All Stars Program for me was a very important exercise in both my development as a player and a coach, in the last twelve months I have had the ability to talk to experts on many levels relating to almost every aspect of the game and its environment. I have learnt in depth information about tables, cues & balls & their construction, as well as the

how and whys of pretty much every question I could think of ask. I have learnt things about game psychology both mine and my oppositions that have caused me to be a significantly better player than I was a year ago. I have gained much confidence from our guest coaches assuring me that I am on the right track when it comes to coaching others in the same areas that I have spent the last year training in myself. I have learnt almost as much from the exposure to people learning around me and carefully watching their development. I feel blessed to have been exposed to the influence of champions and hope that my own development will at some point do their efforts to impart knowledge to me justice. I have for the most part greatly enjoyed The All Stars Program and look forward to further initiatives designed to teach & develop the abilities of the Miss Q's player base. Don't forget to catch me for some coaching on Sundays where I share what I know. Cheers Az.

In late March 2010 I decided to join this new program called the allstars. The allstars was a program set up by Miss q's for really committed pool players who wanted to advance in the game. Every Sunday the allstars would go to Miss q's and do drills which really helped with your game. Every 4 weeks or so a coach would come down to teach us and assess us which was really good. After a month or so the allstars the first challenge match against Geraldton. They killed us....

More coaches came and we started to improve heaps. Sticking to the drills every Sunday everyone started to notice that their stats were slowly going up. The coaches writing comments in our books helped to show us what we were doing wrong and where to improve. Overall the allstar experience was fun and very beneficial.

Jarrad Nagetaal

Wow what a year! It seems only last week that I had heard about all stars. I thought to myself how seriously do I want to take my game in 8 ball? Screw it lets give it ago I thought. So I landed myself a spot on the Premier All Stars team of 2009/2010 along with 19 other people which I would have never thought that I

would hang out with. Together we started our venture to be awesome pool sharks.

Team captain (at the time) Peter Raines went through what was require of us as to what we were to receive out of the all starts program so I thought to myself I can do this. So started our Sunday routine of drills and coaching as directed by team coach Aaron Goodridge along with fantastic talented pool players from all over the country. We had some fantastic coaching clinics with Jack Halligan, Gordon Whittaker, Alec "Ace" Evernadis, John Russell, and most recently Justin Sajich just to name a few.

Throughout the year we had many challenges. The usual Miss Q's Venue challenges (Gossies and Billy's) and teams from Geraldton and North Perth. Geraldton smashed us the 1st time but we had them a little worried when we went to challenge them on the home turf. Unfortunately we didn't win but the whole team realized just how much they had improved and we had HEAPS of fun during and after the challenge.

I now know how to control the white ball, I know how to use tactics and have a game plan and how to use fouls to my advantage, also how to re-tip a pool cue and level a pool table properly. All of this would not have been possible if I didn't take the chance. I look back on it now, and even though there were many ups and a lot of downs I'm glad I did it. Not only have I grown as a pool player I have grown as a person and I'm so thankful that I had the opportunity to take part in such a great program. I have met people that I will never forget and I have learnt some valuable lessons and even though I didn't think I could do it, I'm glad I stuck it out. I wouldn't change a thing about the past year and hope that anyone that does all stars will have just as much fun as I did. Beth Strange.

Hi my name is Damien Stenhouse (Aka Toothy) as a lot of Miss Q's people know me, I am writing about my experience from the All Stars Training Program to let you know if anyone is thinking of doing it you should, heres why, it helped me out of a rut I was stuck in, in my game. It also made me think more about white ball positioning,

example getting the white ball positioned for my next shot rather than just hitting and hoping. It also has helped me and my game to improve not just white ball control but how to break out dead balls (etc on the rail). You must have a clear mind when playing pool, always line up your shot step into the table, have patience, never be in a rush. The guest coaches were fantastic, I learnt so much from them, they showed little tips + tricks, how to get out of snookers. The best piece of advice I can give you is have fun playing pool never take it too serious. That's all folks, signing off, thankyou. Damien Stenhouse.

The all stars experience, well I can tell you guys right now that it was an eye opener to the game that I thought I knew pretty well, and was worth the 12 months of effort to learn more about the game that's for sure. I was blown away by how many modules there were, and I thought it was a great honour to be a part of. The first thing

I learned was how to improve my game, which meant sorting out my flaws and working on how to fix them. It's taken awhile to address them all but it was good once they were getting sorted. By the last couple of months of the all stars I could notice that my game had improved.

The guest coaches all had their way of coaching, and some of the things that you pick up from these well known players with their methods was priceless, just sitting and listening to them inspired me to go out there and take every challenge on the table.

One of the most important things that I took out of the all stars was not just the pool itself, but actually learning the more technical rules in 8 ball, now I have the confidence to referee games confidently.

This module of the all stars was what I thought to be the best, it was the re-tipping day. It the handiest thing to know because your tip might break during a comp but then you just put another tip on then you can just keep going, but also when JR was over he re-clothed the tables and Az asked me to help, this wasn't part of the all stars but never the less it was good to see how the tables came apart and what is involved in making and re clothing a pool table

Would like to thank Kerry and Az for all their hard hard work to make this possible for all of us. I know it was a very awesome experience for me and I've learnt a lot over the 12 months, and in closing thanks to everyone else from coaches to Dan and everyone who helped.

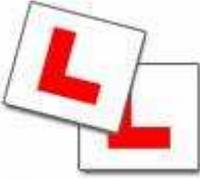

CHEERS Jarrad Page

I am very grateful for the opportunity that I was given when it came to the all stars program. I was unsuccessful on my initial try out but that did not deter me from having the best possible go at it when I was give a second chance. I think I have surprised a lot of people, including myself with how far I have progressed as a player during and after the

program. The number one thing that has surprised me the most is how much I enjoy teaching others what I have learnt; and coaching players in general. Not many people can say that they have had the pleasure of playing true gentlemen of the sport, in players like Gordon Whitaker and Jim Bonner – but I can. Not many people can say that they have beaten Justin Sajich – But I can. When I first started playing pool I never aspired to be the best and beat the best, but to play as well as I possibly could against them, to become a good sportsman and gentleman of the game myself. Through the program, I feel like I am a little closer to that. The only thing I wish I learnt was to not get so nervous all the time!!

Rob Stewart.

Miss Q's

**Leagues take notice,
Want to improve
your game?**

Try our coaching clinic on Sunday afternoons \$15.00 for an arvo of intensive coaching and game advice. Get tips on all aspects of the game from Technique to Ball Selection, learn your percentage shots, learn white ball control, learn how to present a challenge to any player you face. Guaranteed to improve your game. Suitable for beginners to advanced players.

Every Sunday @ 3pm @ Miss Q's.

Graduation Cont....

Hi Everyone im Shalako most of you already know me as the loud one screaming for free drinks most league nights(honestly im not an alcoholic). As much as I do like the "occasional" drink im also a very fond of the sport of 8 ball. Ive been coming to miss q's for the last 5 years , and pool was never my thing it was more my partner rob's

passion. It took a year of persuading from kez to actually join up and participate in the leagues, and shortly after that it became a passion of my own. Now pool was always something I did for fun (which is how it should always be played) it was never anything I thought I was any good at or thought about getting any better at even. So when the allstars programe came about I never thought it would be something id be interested in. Again with a helpful push from kez I tried out, not thinking id even get in. But to my surprise I did and I had to prepare my self for a year long adventure. And an adventure it was . A year long rollercoaster of training, coaching from some of the most amazing coaches in this sport, matches ,drills and A LOT of pool. Every Sunday id pull my self out of bed make my way down and get started on those dreed drills. I cant even count how many hours were spent repeating the same drill over and over again.(or the amount of time I had az telling me to get back to it) hehehe . But looking back after completing a year of intense (sometimes frustrating) training I am so glad I have done it . I have become a completely different person . my outlook on the sport, the way I address and look at my game has completely changed .i have become a far better pool player for it . Some of the highlights of the course has been the invaluable coaching and training I have got. I looked forward to each guest coach as they bought something new and interesting to share theres no way I can choose a favourite. Im glad to say I have formed a friendship with each and every one of my coaches they advise is something I take to the table each and every time and will continue to use. Geraldton would have to be another highlight of mine. But Most of all it's the friendships ive made from spending a year with this amazing group of people and seeing each and everyone of them grow and become such amazing players of the game. So a huge thank you to Kerry and miss q's for giving us the ability to have this gift. But also a huge thank you to Az , you've been there 100% coaching training giving me the kick up the bum when ive needed it and put up with all of the complaining. So thank you ! Shalako Isabeth.

Allstars was a massive exprienece. I learnt alot from this exprience. I had alot of fun and also had some boring times. Every Sunday that i have come in here for year has paid off. Allstars for me was pretty good at first and towards the end of the year was not so good i just wanted to graduate and get it over and done with. But in this year i

have gotten to known everyone that i didnt know and learn more about people i knew. This journey has taught me alot things that i could have never known. I would just like to say thankyou to kerry and Az for this massive exprience and for making the Allstars happen.

Shane vaelua

Hi my name is Stewart Lambert and this is my 2009/2010 Allstars experience.

In June 2009 we had qualifiers for the premier Allstars and I thought it would be a good idea. I ended up coming second overall for the juniors and made it into the team. We all got presented with our badges and uniforms at the Miss Q's birthday party and that was also the official selection for the team. We had Jack Halligan, Gordon Whittaker, ACE, Jim Bonner, Jimmy Mills, John Russell and Justin Sajich as our coaches through out the year having some of them twice. We had coaching every Sunday for the whole 12 months besides a two week Christmas break or is we went to comps or something. During the coaching sessions we did drills and races to 11 or whatever you wanted and also got taught a few different things. I personally learned an absolute truckload during Allstars and it has improved my game immensely. I learned a lot watching all of the coaches play and playing against them and was also given a sheet of drills by Justin Sajich. During the Allstars I made a lot of new friends from going to the comps outside of Miss Q's like Geraldton, and also with the Allstars themselves. I think its going to be weird not seeing all of the Allstars every Sunday and only on the Monday night that we play. We all presented with our certificates of cue sports on the Miss Q's birthday this year and also our final assessments and our drill booklets. In the end I believe Allstars was a good experience and has improved my game heaps and am very grateful of Kerry and Aaron for giving me this experience and letting me be part of the Allstars. Stewart Lambert.

Hi newsletter readers, I would like to give you a brief insight into the knowledge that we have learnt over the past year through the All Stars program. When I first started the All Stars program I thought I had an understanding of how to play 'good' pool. Little did I realise, and was soon to learn, being able to pot a simple ball was just not good enough anymore. Learning the new world rules was hard to get your head around coming from a 'pub' player. I have learnt a lot about all the little tricky shots that you can perform on the table, and I am now able to do them myself. Over the past year my game has improved greatly with lots of help from Aaron our coach. Also my knowledge has improved greatly about the game thanks to all our coaches we have had throughout the year. I believe that I gained a lot of basic skills through the drills that we perform on our training days; it was an honour and a privilege to be coached and mentored by Australia's, and the world's in some cases, top players every month. I gained invaluable techniques that will stay in my game from now on. Throughout the year we also competed against Gosnells and Billy Weston's which was great to play other opponents and see how my hard work in doing drills each week had paid off. I believe my game has come a very long way since I first started the All Stars and think it was a great experience. As I see it I am very thankful for the opportunity to do the program and would like to thank everyone involved who made this happen. Jarrod Ward.

Danyl & Jasmyn Brown also graduated at Silver and Bronze level of the 'Premier Advanced Certificate in Cuesports.

Over the last year I have undertaken the All Stars program to gain a better knowledge of the game and to increase my skills. The program entailed that every Sunday we do our drills as prescribed. We were also lucky enough to be coached by a special guest every month which was very encouraging. Our special

guest coaches consisted of Jack Halligan, Gordon Whitiker, Alec (Ace) Endrivenartis and Justin Sajic just to name a few. I have gained valuable advice from our special guest coaches and appreciate the opportunity given to me through this program. We also got to show off our skills when we played off against Geraldton. The first time the Geraldton crew came down to Miss Q's to challenge us at our home ground. Although everyone had just started the program we didn't do too bad consider our opponents were top of their game and of course we lost. Then in February the All Star's team travelled up to Geraldton to play off again but with no luck. We did find that the Geraldton team were quite impressed with our skills and strategy that had improved vastly compared to last time we met. I also found out during the program that I had become pregnant and also had to deal with trying to find the best way for me to play pool with a huge belly. The 'cheat stick' became my best friend and I was surprised and pleased with my efforts over the last couple of months of the program. I have found the program to be greatly beneficial to my skills and strategy and recommend it to anyone who would like to enhance their game and become a better pool player. I would like to thank the whole All Stars team for their company every Sunday over the last year. A big thank you to Aaron for his patients and time coaching us throughout the year, and also thanks to Kerry for opening up this program. Alycia Brenchley.

My name is Emma Soanes, I joined the All Stars Program in September last year so just over nine months ago. I enjoyed the last nine months and have learned so much from the other All Stars and from our quest couches. The challenge match in geraldton and perth was so different seeing the different locations and the different styles of

playing that each person brings to the table. Going up to Geraldton was definitely a wonderful experience it was so much fun just being out of mandurah, the travelling was not as boring as I thought it would be.

The couches that came down were fun to play, I may not of won against any but I stilled enjoyed the experiences of noticing habits and techniques of play. My favourite couch would have been Jack Halligan, He took the time to see where the strengths and weaknesses were of each player. We first started of joining with another All Star and verse another team of two All Stars which I found enjoyable, then we changed format and started individual challenges between ourselves with the first person to 5,11 or 21.

We currently are Captaining teams of 6 players (including ourselves), which we also train on a Sunday afternoon, I have shown them the drills that I did as an All Star and I feel this has helped my skills and the skills of my team members. I would recommend this program to anyone who really wants to learn from the basics and is willing to dedicate the time and patience to do every Sunday for a year. I have seen how my skills have improved and am thankful to Kerry and Az for Supplying this program. Emma Soanes.

EMZ BITZ

Hey Y'all

What a month it has been for celebrations!! Miss Q's is another year older and within the ranks of Miss Q's both Kez and Azz have had their birthdays as well, its happy birthdays all round.

As usual we had our big birthday bash and this year was not only a celebration for the venue but also the 8 ball itself. Without it we wouldn't have the great big family that is Miss Q's now.

To further our huge celebrations we also had the Allstars graduation, you guys worked so hard all year, a big Congrats to all of you!

Congrats to Jarrad Page for winning best dressed adult and to Stewie the 1600's Pimp for winning best dressed kids prize. To Jarrad Nagtegaal and Chelsie Reynolds for winning our door prizes.

Overall the night was awesome, between The Beast Master and his trick shots, everyone looking stunning and the always popular jelly shots! The entertainment, fun and my balloon rack (miraculously) continued into the early morning.

APL has been successfully running for a month and I haven't seen any of our leagues down here having a go!! So come down meet some new people, have a game and you never know you might be king or queen of the day.

I've just started a Tuesday night games as well, it is all free so if you cant make it on the weekend head down and give it ago Tuesdays.

APL times are:
Saturday: rego - 1pm and start time - 2pm &
Tuesday night: rego - 6pm and start - 7pm.

That is all from me for now until next time, Toodles xx

Miss Q's 8th Birthday Happy Snaps

Special Thanks to Greefields Liquor, Coca Cola & Peel Confectionery for their generous, give-away contributions.
