

Play the Table

Vol 13. No.1 January/February 2012

Editorial:

Welcome to 2012!! Nothing like one Chaotic year rolling into another & as long as it's fun Chaos we are up for it.

So starting with the tail end of last year was the MPF 13Hr Fundraiser that helped generate the much needed funds to assist our Juniors & player base's Geraldton Challenge expenses, many members dug deep & special mention must go to Murray May Day Op Shop for their amazing \$1000.00 donation, Scusie Restaurant for sponsoring all 2011 Sausage Sizzles & Brekky's & Greenfields Liquor for their ongoing giveaways & support. In total we raised & spent in excess of \$5000 between Jan 2011 & Jan 2012. Thanks to everyone involved.

Then the Gossies stole the Trophy Back :- (a sad day for us all but a very very close comp & now the pay up is a Disco theme Party at Gossies, the date still to be announced.

From there the Premier Champion of Champions producing a Lady & Man Champ, in Nadine W & Ben D, congrats to both. Then the Xmas Presentation Party, Xmas Cup cash Comp & the NYE Bash all of which were awesome.

This Year Kicked off with the Juniors heading East to Canberra for the Australian Championships, where WA scooped the pool in the Teams & had near perfect results in the singles divisions & finishing up this month was the much anticipated & enjoyable Chupa Chup Cup Challenge in Geraldton. All of which you can read about & check the pics in this edition.

February sees us try to recover the Gossies Challenge trophy when we start the new challenge series off here at Miss Q's. Qualifying is on Feb 12th & the Challenge on Feb 19th.

Happy reading & see you all around the tables.

Happy Potting
Kez

**U18 National
Singles Champion
Two Years Running!!**

Congratulations to Luke Foster on his Back to Back win & we wish him all the best of luck in his endeavours to Win the World Championship in June when he represents Australia in Blackpool, U.K.

Scott Brownrigg Makes his Mark at the 2012 Junior National 8 Ball Championships!

After Aaron pushed me to go to the state trials for the junior eight ball, I made it through to the national team after coming runner up to Jacob Sumner in the round robin.

As I arrived in Canberra I was excited, until I arrived at the pool hall that we where to compete the nationals at, it was difficult for me at first to play pool because the floors at the venue where very slippery, and the pockets on the tables where long, thin and narrow, so it was a big change compared to the miss Q's tables and venue, I got used to it eventually and then it became time to be serious when the first person I versed was Jacob Sumner (who I lost to in the state trials) but I shook off my nerves and played him and in my first game of the week of many more games to come, in the end I won against him 3-1, I was sure that this was gonna be a good sign for the rest of the week, and it was as it showed on the ladder by the end of all the singles matches that I played, for I had only lost against three other opponents.

The results came through and it had showed that I had got my self 3rd position on the ladder which meant I was to play Ethan Beatie (from NT) in the quarter finals who I won against with a surprising come back with me 1-3 down and I won 4-3 which claimed me into the semi finals who I won against Matt Curtwood (from VIC) 5-2, I then realised I was in the grand final against Jordan Mitchell (from SA) but the championship wasn't going to be held until 2 days later so I was excited but I tried to stay as calm as I could.

But that wasn't it, I still had to play in the team event competing against all the other states with my state WA, the unfortunate and worrying part was, as I was competing in the matches I was playing awful and by the end of the day I had barely won against anyone. This was not an assuring sign for tomorrow as I was to be playing in the finals against Jordan Mitchell, the good news was my team helped lift my extra weight and we claimed our title as the teams event champions against SA in the final, there was a thrilling exciting roar as we won against them and shook there hands in congratulating each other in there great effort.

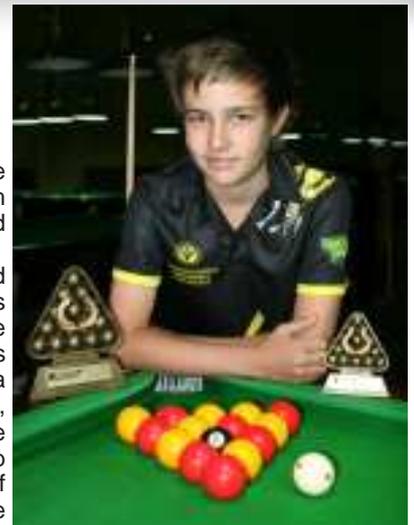

The next day I was to compete in the grand finals against Jordan and my hopes were not very high as I had only won one game against him through out all of the games we had played.

We both had our five minute practice before we played the championship and the start was not looking good as it was 2-0 to Jordan after I went in off with the black in the second game, I finally won my first game and my spirit was back and I then I won the next making it 2-2, I then started to play to serious and not enjoying myself as I realized because he was on a hot streak making the score 5-2 to him, so I decided and thought to myself nup im not giving up so easily so I pulled myself together winning the next 3 games in a row making the score 5-5 I really put the pressure on him but he tried his best and succeeded claiming the national championship.

I wasn't entirely upset because I barely practiced for nationals after I had just got my arm out of its cast. I was rather proud of myself after all the main reason I went to nationals this year was to see how well I think I would do for next year and I have a pretty good estimate of where I will be on the ladder for next year.

I would like to thank everyone who supported me in the nationals event. A special thanks to the eight ball federation and all its sponsors. Miss Q's for all the fundraising they did for myself and Pera it was much appreciated. Everyone for donating there money towards the trip. Mayday opshop for there massive donation of \$1000. My family and especially my dad for his encouragement during the whole event. My Western Australian team mates and manager Adrian Lancaster for that extra bit of encouragement when times where looking bad. And all the Miss Q's supporters for writing those helpful notes to me and Pera they really helped to know how many people where behind my back and cheering no matter how far away they were. Anyone else I forgot to include I thank.

And hell there is always next year :P
Scott Brownrigg

Scott Brownrigg
2012 U15 Australian Runner Up

WA. The 2012 Australian 8 Ball Champions!

2012 Australian Junior Champions - L-R: Team Manager Adrian Lancaster,

U12 Stella Kearney & Pera Isabeth, U15 Scott Brownrigg & Jacob Sumner & U18 Luke Foster, Keenan Ciglar & Ben Foster.

The 15th to the 21st of January saw our two juniors that made the Western Australian State 8Ball Team, head to the Nation's Capital Canberra to compete against the rest of Australia in six gruelling days of competition that would see if they were made of the right stuff to leave an impression on the rest of the country. Pera Isabeth in her first time representing WA at National level, performed through her nerves putting in an impressive performance in the Under 12's to finish equal 11th in Australia, well done Pera, huge effort for your first time around congratulations. Scott Brownrigg in the Under 15's division for the first time after a twelve month break from the game, he played well enough to surprise himself it seems and found himself finishing in 3rd place on the singles ladder which put him in the playoff and allowed him the chance to qualify for the singles final which he succeeded in doing, he would later find himself playing for yet another Australian Singles Title having already earned his first Title as an Under 12 two years before. The players took a break from the Singles format to play the Teams Event in which WA did brilliantly and at the end of the day held their first of three National Titles that they would secure during their 2012 campaign. A HUGE well done to the WA Team & Congratulations to all who played and supported, your success was well deserved. Following the Teams Event was

the Grand Finals for the Under 12's, 15's & 18's. The Under 12's was an all QLD affair With Hayden Goode securing the National Title for QLD, Next it was our very own Scott Brownrigg in the Under 15's Grand Final versing South Australia's Jordan Mitchell in a match that went all the way to the wire with a final score line of 6-5 leaving Scotty with his second National Title as Under 15's Runner up and Jordan Mitchell as Under 15's National Champion, Well done to both players, Congratulations on your achievements. Last but not least Geraldton's Luke Foster was back at the top of the heap and ready to defend his Under 18's Singles Title that he had secured at last year's Junior Nationals and that was exactly what he did, leaving no doubt the Title was his stamping his authority all over the Grand Final and keeping his trophy for another year with the final score line standing at 6-2 over Adam Bleumink of VIC. Great effort Luke and good luck at the World Titles mate, Congratulations. Finally Well Done to Team Manager Adrian Lancaster & partner in crime Adele Mills, for keeping the Team together and making the experience worry free for the parents and supporters and our Juniors who participated you deserve a share of the success and praise.

Till next year guys, Az.

Pera Isabeth's 1st Junior National 8 Ball Championships

On the 14th of January Scotty Brownrigg, Keenan Ciglar, Jacob Sumner, Luke Foster, Ben foster, Sella and I left to Canberra at 3:30pm to play at the Nationals for pool. Once we arrived in Canberra it was about 11 o'clock at night (8 in W.A time) once we all collected our luggage we all headed over to the taxi stand and caught taxis to the motel. We stayed at the Best west Sun Down motel in Narrabundah. Once we got there we all had to wait for Adrian and Adele to ring up to get the code for the safe to pick up our room keys and some milk. When we all got our room keys and found out where we were staying we settled in while the boys were out playing with

Pera Isabeth Placed 11th in Australia in the U12's

the football and Frisbee at the park down the path. Adrian and Adele decided that we should have some pizza because we were all kinda hungry after the flight. Once we decided what pizzas we were all gonna get we rang up to see where we could get some pizzas. Everywhere was shut so we decided to ring a taxi and go somewhere that had some pizzas. When we found out that absolutely everywhere had no pizzas we decided to have McDonalds instead. We munched out on nuggets and chips in Scotty and Barry's room then we all went to bed around about 1 in the morning. We woke up at around 5 to go to the bistro and have some breakfast. After that we got ready and left at about 8 to walk down to the German club to be there by 9 to practise. When we got there we got assigned to a pool table to practise on. Then the team managers had to go and have a meeting while we practised some more. After a lot of practising we finally had to do team photos. Then we had to do the march in while they said

our names and pronounced the teams. Finally we got to start playing pool. I lost all my games on the 1st day and the 2nd day but when I came on the 3rd day I finally won a match and after I won it Adrian yelled out loud YEEHHOOOO!!!!!! Finally I started winning a few and so did everyone else. By Friday I was coming 11th and team games began. We won a few and we lost a few but in the end Western Australia and South Australia were in the grand final. When it came to me versing Cooper Dart I ended up loosing but everyone else won a couple. It came down to Jacobs last game where there was an incident but they sorted it out and Jacob ended up winning which means we won the team games!!!. Adele, Adrian, Rose, Nigal and I ended up going to the Kingston Hotel for dinner. Then the next day were the grand finals and as you know Scotty cam 2nd in under 15s and Luke cam 1st in under 18s. We then had the presentation dinner where we all got our rewards and certificates for coaching/umpiring games and see everyone else get there medals. There was pretty alright food at the presentation dinner especially if one man cooked for all of us. The next day all of the kids and Rose went to the big splash water park for a little bit while every other parent went to go sight seeing. All the kids ended up getting sick of the water park so we ended up jumping in a taxi and driving past Parliament house and went to the German club where all our luggage was and got changed and went to go play golf. We played a 9 hole golf course first then played mini golf and eventually ended up making our way back to the airport to head home. On the flight back I had to sit next to Scotty and Keenan which wasn't as bad as I thought it was going to be. We finally arrived home and got our luggage and headed home. My favourite bit about the whole week would have to be surviving a whole week with a pack of boys and a couple of girls. Well done to Scotty for coming 2nd and Luke for coming 1st. have fun in England Luke :-)

Gossies Get It Back! Now We Party in Disco Theme!

After qualifying a crack squad for the final of the 2011 Gossies Challenge series, I was pretty confident we could push the score to two all and force a tie, this would cause a playoff between Antonio and myself to see who got to choose the next stupid task to be performed for the entertainment of the victors. So with our crew in tow we headed to Gosnell's Pot Black to engage in battle and hopefully retain our trophy after winning it back for the first time in what feels like an eternity. We hit the tables for a warm up briefly and then got down to business, the first round told everything there was to know for me, firstly we were competitive and secondly regardless of the strength of our side it was going to be a tough battle given Gossies had the home ground advantage, round one finished with scores tied at ten wins a piece followed by round two eleven to nine edging us one frame in front, I remember thinking we're gonna have to do better than this if

we are going to make walk away with the trophy again Gossies came back in the third and after sixty frames of pool there was two points the difference in Gossies favour and it was shaping up to be a very long day. We pushed on and there were some very impressive results from team members on both sides with the majority of rounds finishing 11-9 each team taking turns, keeping the score very close and after fourteen rounds and some 280 frames the final score fell in Gossies favour by a mere twenty points, a ten frame turn around would have made the closest Gossies Challenge in my memory fall in our favour and would have forced the playoff to decide the series champions but alas it wasn't to be. Player of the match was decided with a three way playoff between Miss Q's Evan Briggs, Gossies Al Babbe and Peter Della Franka all tied on 11 points with the eventual winner proving to be a gossies player Peter Della-Franka. Antonio has

requested as payment for his victory that we re-enact one of history's most disappointing era's and show up at Gosnell's Pot Black in Disco Theme, (I worry about that man sometimes first he wants me in Drag and now sequins, spandex and platforms. Fml!) so watch this space people and get set to unleash the Bee Gee within and we'll see if we can't make Antonio regret this as much as he regretted having us dress in drag. Anyway we are in a new year now and soon the start a new series of Gossies Challenge Matches I believe this year is the year we humiliate Antonio and his side!

Mwhahahah - Az.

Next Gossies Challenge is a Home Match. The Qualifier is on Saturday Feb11th & the Challenge will be held the following Sunday Feb19th

Gossies Challenge Team Champions

Miss Q's Team Challengers

Gossies Peter Della-Franka Player of the Challenge

2012 Chupa Chups Cup - Geraldton

Phrases that come to mind when I think of the most recent Chuppa Chupp Challenge in Geraldton: "Detour due to fire!" (x2); "Facebook sledging (Madam Adrianna)"; "Midnight swimming" (x2); "The Magic Cup"; "Artery hardening breakfast" (x2); "Drunken escapades on video" (at least 3);

It all started with the drive up, uneventful as usual, right? Wrong! A detour due to a fire added almost an hour to the trip. There are lots of conspiracy theories regarding this event. Ask around, I'm sure you'll find some. Settling into the hotel would be without issue, right? Wrong again! The hotel chain had booked us into the wrong location, however the consensus was that the pool and spa area more than made up for it.

The pool started with the Friday Night Knockout resulting in Luke Foster (The Pot'Ness Monster) runner up to Adrian Lancaster (The Master). The main event started on Saturday after and artery hardening breakfast and some inspiring words from Kerry de Pradines and Jarrad Page. After hard fought match play all day Geraldton prevailed and retained "The Magic Cup", and the cheers rained down as Adrian held the cup aloft. The player of the challenge was young junior, Ben Foster, who won a cut-throat single frame knockout, made up of the four best players over the day.

Following the presentation there was another knockout competition to close the official proceedings. I, Evan Briggs (no nick name yet L), managed to win the final against Luke Foster. Once back at the hotel there was time for lots of drink, midnight swimming, a little noise and good conversation.

Adrian provided us with a new route back to Mandurah so to avoid the fire affected areas. However, travelling in convoy we encountered another fire and another detour. I'm sure Adrian directed us to the second fire on purpose... Just kidding!

Big thanks to Kez and Pagey for putting up with us and to Adrian and Adele for running such a fun weekend, including some very exciting pool.

Hi everyone Adam here just want to start by saying thank you to Shutts and Sally for driving me up to Gero and back over the weekend and thanks to everyone else for putting up with me. It was my first time going to Gero and I found it to be pretty awesome considering when we got there

I started feeling sick which sucked. Anyway it was a really fun weekend especially on Friday arvo in the pool. We all played pig in the middle with a water bottle and then most of us went down to the Italian club for a cash comp and to get a feel for the tables. Saturday was pretty bad on my part because I only won 5 games but I played pretty well and they just had to play better and on Sunday we all had a good breakfast and packed up all our stuff and then came home. I would also like to thank Kez, Az and the Miss Q's crew because without them this wouldn't of happened thanks for the great weekend guys Adam out.

I loved every minute from when we left to when we got back! The trip was very long and the detour was lame but I had a great bunch of fellas with me. They made the drive a blast.

I did my very best during the competition, and even though we didnt win, I was happy with how I played. I was hoping to win

more games though haha- ill make sure to get more practice in before the next one. It was amazing to watch some of our top players! The Gerro guys were a treat to watch as well and they played some viciously methodical games!

The company was awesome, the conversations were hilarious and the place was beautiful! (steak n prawns were epic!) I think its great when people, who all share a love of pool, can get together and have a great time and make some wonderful memories. I know I have! And the bacon was freaking sweet!!! Nomes.

My trip too Geraldton by Damien Stenhouse it all started Friday morning at Miss Qs where we started our trip then on the way up too Gero, Rhiannon seen some sheep and said I haven't seen so many kangaroos we all pissed ourselves laughing! Then as we went through Three Springs &

Gazza seen a sign that said Mayhoffer he thought it said motherf#*ker and we pissed ourselves laughing! We got to Geraldton only to find out we weren't booked in were we thought we were then we arrived at the new hotel and went straight in the pool where we played piggy in the middle with a bottle of water, we were throwing too each other. Friday I played in the knockout comp I won my first round then just missed out on the second we went back to the new hotel we were staying in were we had a party time, played pranks, done shots, went for a swim down the local boat ramp had a great time. Saturday was match play we all started off pretty good Gero got us in the end we put a hell of a fight though. Then we went back too the hotel and partied some more in closing any one that wants too have a great weekend tryout for the next Gero challenge. Toothy out.

Where do I start... our Gero trip started with myself, Nomes, Pagie and Clifton all travelling up in Nomes mums sexy volvo. to entertain us along the way we had Pagies handy ipod/radio tuner busting out some awesome tunes where myself and Clif would randomly sing lines of a song in high pitch girly

voices (quite wrong considering neither of us could sing), as well as every time Pagie saw a horse along the way (which was a lot) he would yell at the top of his voice *HORSE!*, by the time we arrived in Gero Pagie had no voice. As for the hotel we didn't stay in the same one as last year due to a mix up in the reservations, but the hotel was by far just as good if not better.

On the competition side of things the Gero team is always a very hard and consistant team to play, but from a personal level I think I and the rest of the team competed very well.

To cap it off I slept in on the Saturday morning due to a night of heavy drinking and socializing, but I remember have a dream about a crab on the beach and woke up to Kez pinching my big toe. I swear I thought the crab on the beach got me haha. All in all I think another successful and fun filled trip. hanging out for next years trip already, three cheers to the Miss Q's team and Kez for all her organising and efforts. Crocker

Hey.... Jesse here.... how's it going? What have you guys been up to? Me? I've just been in Geraldton..... Now I'm supposed to say some stuff so here I am. Now to start off with ... the drive up there... crazy hot ... got to 46 degrees ... thankfully the Shuttleworths had air conditioning ... YAY.... thank god.

Longest 7-8 hours of my life. Then when we eventually got there..... That includes a mix up of resorts.... I pretty much went straight to the pool and stayed there for a couple of hours. So awesome... Played piggy in the middle with a water bottle:D I was in the middle quite often.

Then we pretty much all went to the pool comp that night..... I won my first round ... I was happy ... then I got owned by Ben Foster..... Then I wasn't so happy but i was really there to get used to the tables so I was happy to get as far as I did. Then came the whole reason as to why we were there... The Challenge.... I was excited. It was a long as hell day and I only won like 4 games but it was a really good learning experience for me.

I was sad to leave the next day because I just wanted to stay for a while longer. Anyway I got to wrap this up.... Thanks Kez for the trip.... thanks to the Shuttleworths for the lift up there and thanks to Suzie and Emma for the lift back:D - Catcha ... Jesse

Chupa Chup Cup Cont.

I was a Chupa Chup virgin before traveling up to Geraldton, I had been told awesome things about it and was itching to get up there and play. It didn't disappoint. Traveling up with Naomi, Crocker and Pagey was fun in itself, loud music, funny conversation and some interesting stops

along the way. Friday night I went down to the Italian Club for a knockout comp, but mainly to get used to the tables. I ended up placing equal 3rd with Ben Foster, behind Luke Foster (2nd) and Adrian Lancaster (1st). Saturday was a big day of pool, all 15 rounds were challenging and at the end I had 6 wins under my belt. There were no easy games, every player was at a good level or outstanding. Miss Q's eventually fought out a respectable 116 games to Geraldton's 184. That night, after the games was another knockout comp, and I walked out at the end of the night placing equal 5th, which I was pretty happy with. A mention should go to Evan Briggs, who took me out in the quarter final, and then went on to win the whole thing against Luke, well done, Evan!

All in all, I had a fantastic weekend, and I would urge anyone who loves their pool and a good, fun time, to try out for the home match in July, and the next Gero trip in January, well worth it! A big thanks to Kez as well for everything she does both at home, and away. -Clif.

After catching up on my sleep, I finally feel alive again, that was a massive weekend and was definitely worth it. First of all, congratulations to Geraldton on winning the challenge. They play some phenomenal 8 ball and I learnt a lot from watching them play. What intrigued me most was the delicate and precise shots they played in order to open to table up. While I try to do this its much more spontaneous rather than preplanned; something I need to work on. The Italian club we played at had its pros and cons, it was rather hot at times but their tables were some of the best I've ever played on. John, Rosa and I had some Guarana energy powder which left us pinging on the drive up, by the time we got there the effects were slowly wearing off and as we first entered the Italian club I thought the ground was floor was actually vibrating, I asked a few people about this and they just gave me funny looks, turns out the floor wasn't vibrating. I had a great time playing the Geraldton team and look forward to playing them again at Miss Qs. Dooney.

Well where do I begin as soon as I found out I was going to Geraldton I was excited and went to Miss Q's and practised like mad come Thursday night I couldn't sleep was way to excited to get there the trip up to Gero was brilliant where I mistook a group of sheep for kangaroos oops we all had a good laugh about that, we then arrived at where we thought we where staying and found out we weren't there so proceeded to where we where staying was great fun, Friday night had a small party for Shutts birthday we where partying it up like rock stars. On Saturday morning Kez came to everyone's room who was still sleeping and began to wake us up we all had breky and a good speech from Jarrad, I was excited to be playing all the players from Gero to see how well I played even tho I went for a perfect doughnut score I was still proud of myself for how well my game play was to think that all I need was a bit of luck and I could have won a few games as a first timer there and have had only been playing a yr of pool I got hints on how to play from some of the Gero team and they the ones i played complemented me on my game play so to think in a few months Gero the CUP IS OUR WATCH OUT THO COZ ILL BE EVEN BETTER..... there is a lot that went on and I have no idea where to start but it was a great weekend fun and exciting and ill definitely go again!

Hi guys, just here to talk to you about the Gero weekend. This was my first time being able to qualify and able to play in the Geraldton Chupa Chupa Comp

and it was very enjoyable. The trip up was long and we had to take a detour which set us back about an hour. When we (John I, James D, and Evan Briggs) got there we pretty much jump straight in the pool and played piggy in the middle which was fun. Over the weekend most of us got fairly hammered and had a great time!! The comp on Saturday was intense and we played against some absolutely amazing players like the Foster Brothers and Adrian Lancaster, they had a very strong side who were more consistant with their games and we got beaten by about 60 odd frames, so Congratulations To Geraldton for winning and hosting the Chupa Chupa comp, and thanks to all the Miss Q's players who gave it their all. Thanks Guys for a good trip!!!

A big thankyou to all the others for their support & encouragement. It was a most enjoyable trip away, tempered by the disappointment of not playing to my full potential. I managed to lose too many games when I was in the box seat and could not finish them off. Even so I am happy that most of them had to pull out all stops to beat me. It is well worth the effort to participate in such a challenge. Thankyou for the opportunity – John Taylor

Geraldton... What an eye opener! It was a long road trip their and back but so worth it. It was amazing to see 2 fantastic pool clubs go head to head! I would like to share a few frames I had with the best that amazed me, first game I want to talk about was Luke

Foster's... My break, I went dry of the break.... Luke decides to go out on me with a master AMAZING, next game Adrian... His break, went dry and then I just missed a pot.... He goes out AMAZING! The most memorable moment I had was Luke Foster broke and potted out like a beast, his ball placement OMG freak, his ideas to get rid of problems OMG freak. This trip has made me want to improve so much!!! I have now found a new fire in my belly :) next time Miss Q's and I will come back a lot stronger! Kim.

What an awesome weekend we had, it was well worth the crazy detour (and lost no one). Great effort to all who drove the marathon, the beer at the destination at both ends has never tasted better. Sally and myself got a few free lessons (not the good

kind) but the experience will forever improve any one who want to take the challenge. The opposition was ready for all Miss Qs had to offer but there reign will come to a end. Congratulations to all who attended and big big thanks to Kez (who's patience was tested) and to all chauffeurs, cooks, cleaners and opposition and the hospitality from the Italian club - Many thanks Sal and Shutzzy

A group of 20 went to Geraldton for a Chuppa Chup Challenge). We arrived to settle in at the Broadwater Hotel a really nice place

by the way but realised we were somewhere else lol, Then I was off straight to the pool for a swim with the crew. We play piggy in the middle with a bottle of water, pretty fun if you ask me, but after that was all done we went down to the Italian club for a meet and greet and play some in which cliffy came equal 3rd well done mate

The next day Cliff, Shutts and I were up early to start cooking breakfast, and after that another swim, the pool was goood! Match play saw some interesting results, In the beginning Crocker and Shutts were on fire not losing in the morning session, but then slowed down in the afternoon, overall we played well and did ourselves proud, Thank you Kez for the weekend there were fun times for all. Cheers Pagey
